Rita St. Clair Associates  
1009 North Charles Street  
Baltimore, MD 21201

Dear Rita:

Your firm accomplished some remarkable design feats at the Palmer House in areas where others have been less successful. In particular, the ballroom has been very well received and sales and marketing now have a good product to be proud of.

I must mention the 3rd floor elevator foyer and corridors. This design concept is outstanding. The principal meeting rooms are on this floor and while the scope of the work here is not as great as some of the other areas, it is important and is much admired.

I look forward to future projects.

Sincerely,

JERALDINE CANNON  
Director of Design
